Dear Parents

Assalamu alaikum

An important update regarding the changes in school timings for UKG students.

We have more activities and we couldn't do justice to the children. Therefore we thought of revising the school timing from the month of August.

However as informed in the orientation meeting, II term onwards UKG students will have a full working day. Then only we will be able to complete the syllabus, activities and also the children will be ready for a full day working from I Std. onwards.

Thank you for your understanding.
